Wel pa can

Awene sida donyoto ot mo, cente ki cwinyo ot ni bedo ding tutwal. Ikop me loyo calo Africa, sida jwi mako lanyodo acel nyo weng, nyo ngat iot enu, dong cente lwenyo kit ma, dano mu twero ka tic gu doko twolo nyo gi tye ka gwoko lutwolo. Two me bino aka cel kumenu bolo paco ican, me kelo ka camo arac, ka kwanyo lutino igang kwan ki pi pe cente yat maber lwenyo bene. Eni pien yat nono gu gwoko pi dano mu tic me loc ki me tye kwed tic gi; yat pe pi dano can nyo dano me pe tye kwed tic 'aber' me tye 90% iAfrica. Kumenu, gi tye ka nongo yat ki cente gin gi.

Ikop pol, two can calo sida pe kelo can, ento timo ne ka yoto, me kelo ngat mu bedo ka tic mu two ka too, nyo ka two labor. Ka wilo yat kom mucara ma tidi, kelo ka cato jami me gang calo lee ki lobo. Eni weko gango ka doko can labongo konye ka nongo cente. Dano me gang mu dong, gu nongo tek ka yenyo cente ka gwoko lutwo, gu twero ka mako two gin bene. Mon ki anyira me ngeyo can pa sida, twero ka mako two dye ka bwutu labongo bupiiira, ka gi twero ka nongo cente, cam ki gin me tiy ping jwi, ber. I2003, pwony me gi lowngo Human Rights Watch, gu coro rwong; "Policy Paralysis: A call for Action on HIV/AIDS- Human Rights Abuses Against Women and Girls in Africa" me gi wajo ni anyira acel ucoro, "a bi bedo malaya, ki abi mako sida ki abi to. Ento, abi bedo kwed tic, ento tic pubi bedo yot." Ika medo co gu bi cito iboma kwene gu bi nongo tic ma tek, pien ka bedo gin co keken, gu twero ka bwutu dye gi. Can ikacokke twero ka turo ye pa kacokke kom wadi dye mon ki co.

Wi myaka 5, wel pa ART uporo, ki lobo ducu gudiye ka konyo yat ka o ilobo can weng. Eni ukelo ART ka bedo ilobo can pol, me Africa. Ento can dwong ki ot yat fud tye tidi, me gengo dano(coke 95%) mutwo ka mato yat dose ducu me romo ka konyo kom gi ka gengo two. Kadi lobo pol iAfrica miyo dano ART nono, gini calo mucara matidi pi coto iot yat, wel pa tranpot, wel pa gwokke, ki kec, me tye iyo me gamo yat eni gu kwero lutwo me mito ka mato yat, kanongo yat ne. wadi eni dye sida ki can ucwale ki cam arac ki sida. Cam arac jwiko cwinyo me lwenyo two, me medo sida ki achwi ka woto ikom, wa ka mato yat, pien ngat me tye kwed sida kome mito itiy amalo 20-30%, wi ngat me pe tye kwed sida me kome tiye 10%. Dano pol mu bedo ka mato yat iRwanda gu wajo ni gini me gengo gi ka mato yat ubedo lworu ni gu bi mito ka camo tutwal, ki pud pe gu bi twero ka wilo cam adwong me yat ubi mito.

Kit ma luwobi ki lunyodo dwong fud tye ka two ki ka to, lutino can gu bene fud tye kamedo. Kwan mabor pa mon me tye ie iAfrica, calo Kenya(6%), Zambia(24%),nyutu ni labongo yat pa sida, kom maa bot latin, ka coke buli latin acel mu nywale iwi apa tye kwed two. Ikwan pa 'United Nations Children's Fund (UNICEF), cok 15-20% me lutino mako sida maa gi kabedo ie, 50% kun gonyo, ki 10-30 kun doto.

Gu yabo ilobo pol iAfrica, Program pa PMTCT, me keto dit wi Nevirapine, yat ARV me gengo maa ka nyayo two bot latine ka 40%. Gu time ni ka nogno yat eni ubed yot, ento UNAIDS i2006, gu nongo ni mon me tye ie iMalawi me tye iprogram eni, fud tye 3% me mon me can yat; iMalawi lutino byeko 30,000 mwaka ducu nywale kwed sida. Wi kany, kacokke pe woro gang can, pien ot yat me miyo yat fud tidi, gum pa joni igang can pe.

PMTCT, miyo tam bot maa me tye ked sida ka weko doto lutino gi, ka gengo lutino ka mako two, ento gu fud tye ka miy lutino cak calo formula. Ilobo pol me Africa calo Ehtiopia kwene kec tye, pe gi twero ka leyo aleya cak pat. Wa ki pi maleng tye ikacokke mo, wel pa formula fud loyo mucara pa gang pol.

Can me ito pi sida ilobo pol iAfrica, me kelo dano mu two ka weko tic, kit ma ni lutino ka pe gu mako two gin bene, gi neno tek dwong calo kalenyo gang gi, pwony tidi, labongo yat ki kec. Ka lutino man dongo, gu fud neno tek calo two, pwony pe, ka bedo guci ki labongo tic. Cwer cwiny ni lutino makato anyira, fud tye ka weko gang kwan ka gwoko lutino ma tidi igang, itye kwan me nyuto wadi dye anyira ka weko pwony ki to pa maa gi ki lutino ma tidi. Anyira twero ka weko pwony ka bwutu kwed sugar daddy me bwutu kwed dano pat, pien can pa cente ki woro. Lutino can bene twero ka donyo wadi eni pien gu mito dek ki jami ka tiy ki ping jwi.

Katyeko, dano me tye kwed sida nongo tek dye kwo gi. Bei pa yat ARV ki yat pa two pat me mako dano me tye kwed sida calo TB dit, bene kwan unongo ni dano mu lok ni gi two, gu rwenyo tic gi. Ka mede, pien tek mu nogno yat, kom lutwo mo twero ka gengo yat ka tic. Wel pa loko yat pi kom me gengo ARV mo dit, ARV pat me kom gi tek tye kwed gin ma iye dwong bene, me romo ka tic matidi. Ma dano pol fud tye ka two (ka byeko kwan ka dano 25.8,000,000) dongo pa lobo pubi time. Tek me tye wi loc me lobo pol iAfrica ka miyo ARV nono, bino pien cento pa lobo man twero ka wilo yat ku. Eni tye ka gengo loc ka gero lobo gi, pe gi twero ka gero ot ki maduka, ka gero ot yat, ka wilo yat, ki ka gero tic ki business. Pek eni umede pien dano me twero ka tic ki awobi me tye ka pwony gi tye ka to; my nyute ni dano me twero ka gero lobo ki tic tye ka to, mene doko lobo dye can ki sida.
